

WT-350 POCKET-SIZED GROUP TOUR SYSTEM

New generation of travelling light but still long duration!

okayo WT-320R and WT-350R series both share similar exterior with size only 2 x 6 x 9 cm, and weight only 70 g. You may easily fit them into your shirt pocket and may not even notice their existence. This feature greatly increases user's interest in carrying in such product while providing the benefits of tour guides. This series use UHF wide band technology, which allows the device to receive sound close to true voice quality. The using time duration is up to 18 hours with only one alkaline or NI-MH rechargeable battery helps you save even more cost on tour operating.
